

The Petersen Family in Uganda

July and August, 2018 Report

Marlin, Lisa, Daniel,
and Abigail Petersen

Daniel's Graduation Party

Our time in Michigan was marked by visits with four supporting churches. We gave a report at each one and showed a video of our goals for next term. We also attended a church in Lapeer for the first time. We will return in October for their missions emphasis month. We saw many family members and friends during those couple of weeks, and Daniel had a graduation party with family in the area.

After Michigan, we traveled to meetings in New York, Pennsylvania, Maryland, Ohio, and Kentucky. The meeting in Maryland was our first ever in that state. Since our children had never been to the nation's capital, we stopped to see the sites and to tour the Capitol building while Congress was in session. On our way through Kentucky, we stopped by to see the Noah's Ark replica and enjoyed the interesting and educational self-guided tour. Then, we were ready to head back to Oklahoma City so Daniel could enroll in Oklahoma Baptist College for the fall semester.

Inside the Ark replica

While in Oklahoma, we met with many churches to give reports. These churches and pastors helped us in our transition from two kids to one and offered much helpful advice and support. Thank you to the members of our sending church for all their help in this area. Daniel is doing well in college and attributes his adaptability to the time he spent on the mission field. Please continue to pray for him and for us.

Currently, we are in northern Texas for several weeks of meetings. What a blessing it was to meet a Ugandan family while out soul-winning with First Baptist Church of Haltom City near Fort Worth. That family has been in the US for as long as we have been in Uganda. The next week, I was able to lead a teenager to the Lord while soul-winning with a man from the same church.

Kisojo discipleship class

In addition to the regular services, Charles continues to meet with six teen boys for weekly Bible studies in Kisojo. They have taken on other projects to improve the compound around the church. I recently received two hundred pictures of the newly installed gates and other activities. Thank you for your prayers and support that make an eternal difference in these lives.

Sincerely in Christ,

Marlin Petersen
